Assumption of tutoring costs through the Education and Participation Package (Bildungs- und Teilhabepaket)

Is your child's promotion at risk due to poor grades?

But you are not able to finance professional tutoring? The Education and Participation Package of the German federal government covers all costs of professional tutoring for individuals receiving social benefits ((unemployment benefit II (Arbeitslosengeld II), AsylbLG, child benefit supplement (Kindergeldzuschlag), or housing benefit (Wohngeld)). This allows financially weak families to apply for educational support services through the BuT for their children.

Would you like to take advantage of the BuT? Please feel free to contact us. We will assist you with the application process and support you with any other questions.
